

Name: _____

Art at Home

Greetings Families! In order to provide our students with their Art time while at home, we've created this packet to help guide you through activities. This packet contains 16 activities that can be done with whatever art materials you have at home or can done in pencil. Each activity will be graded out of 5 points for a total of 80 points and should be completed to the best of the students' ability. Please support your student with completing each activity and send the packet at our return to school.

Please feel free to contact me for questions via email madison.blyler@temple.edu or through Class Dojo. Thank you for your support!

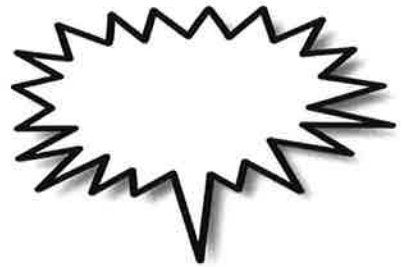

Ms. Blyler

CREATE YOUR OWN COMIC!

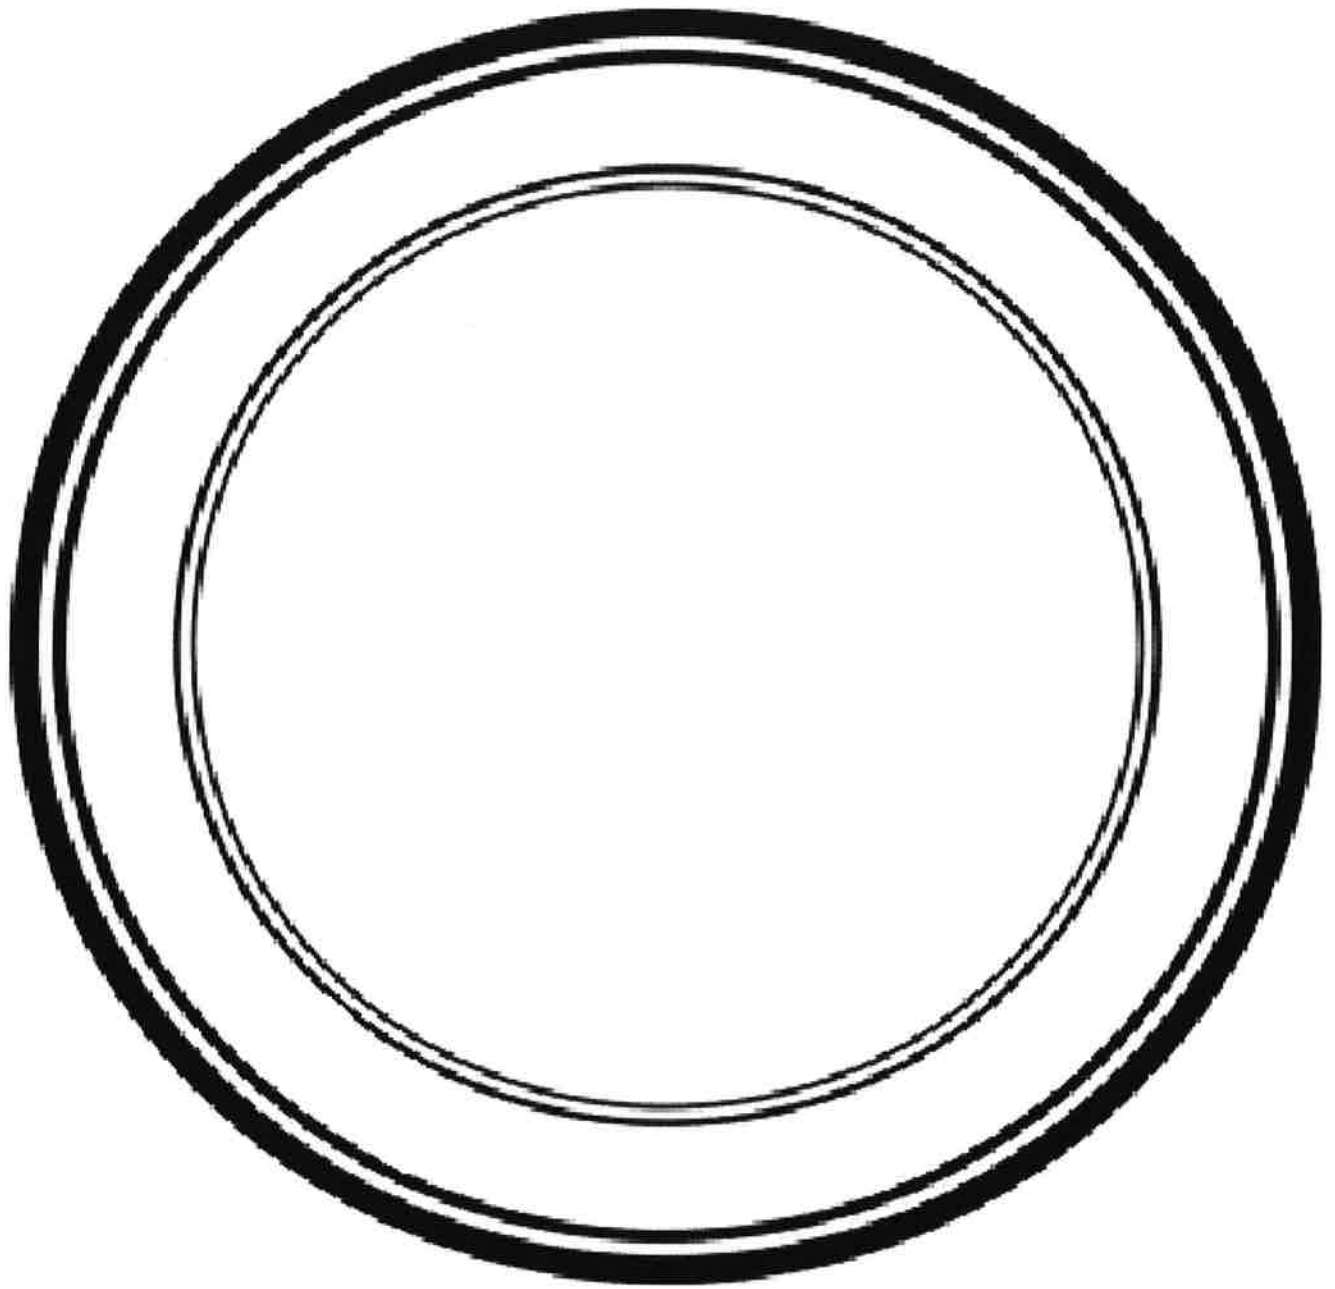

Title _____

Creator: _____

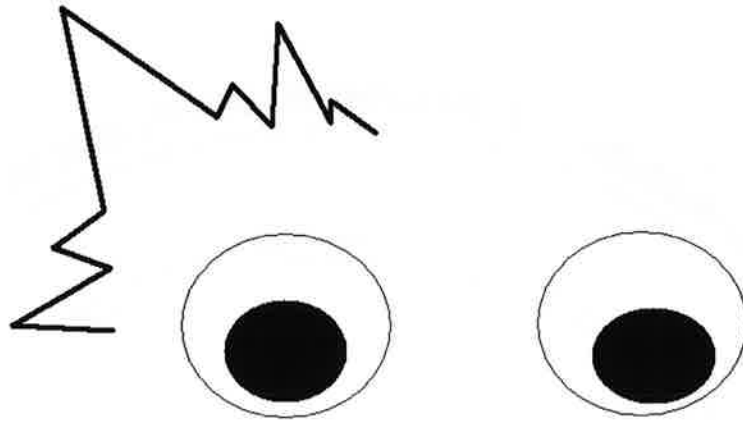

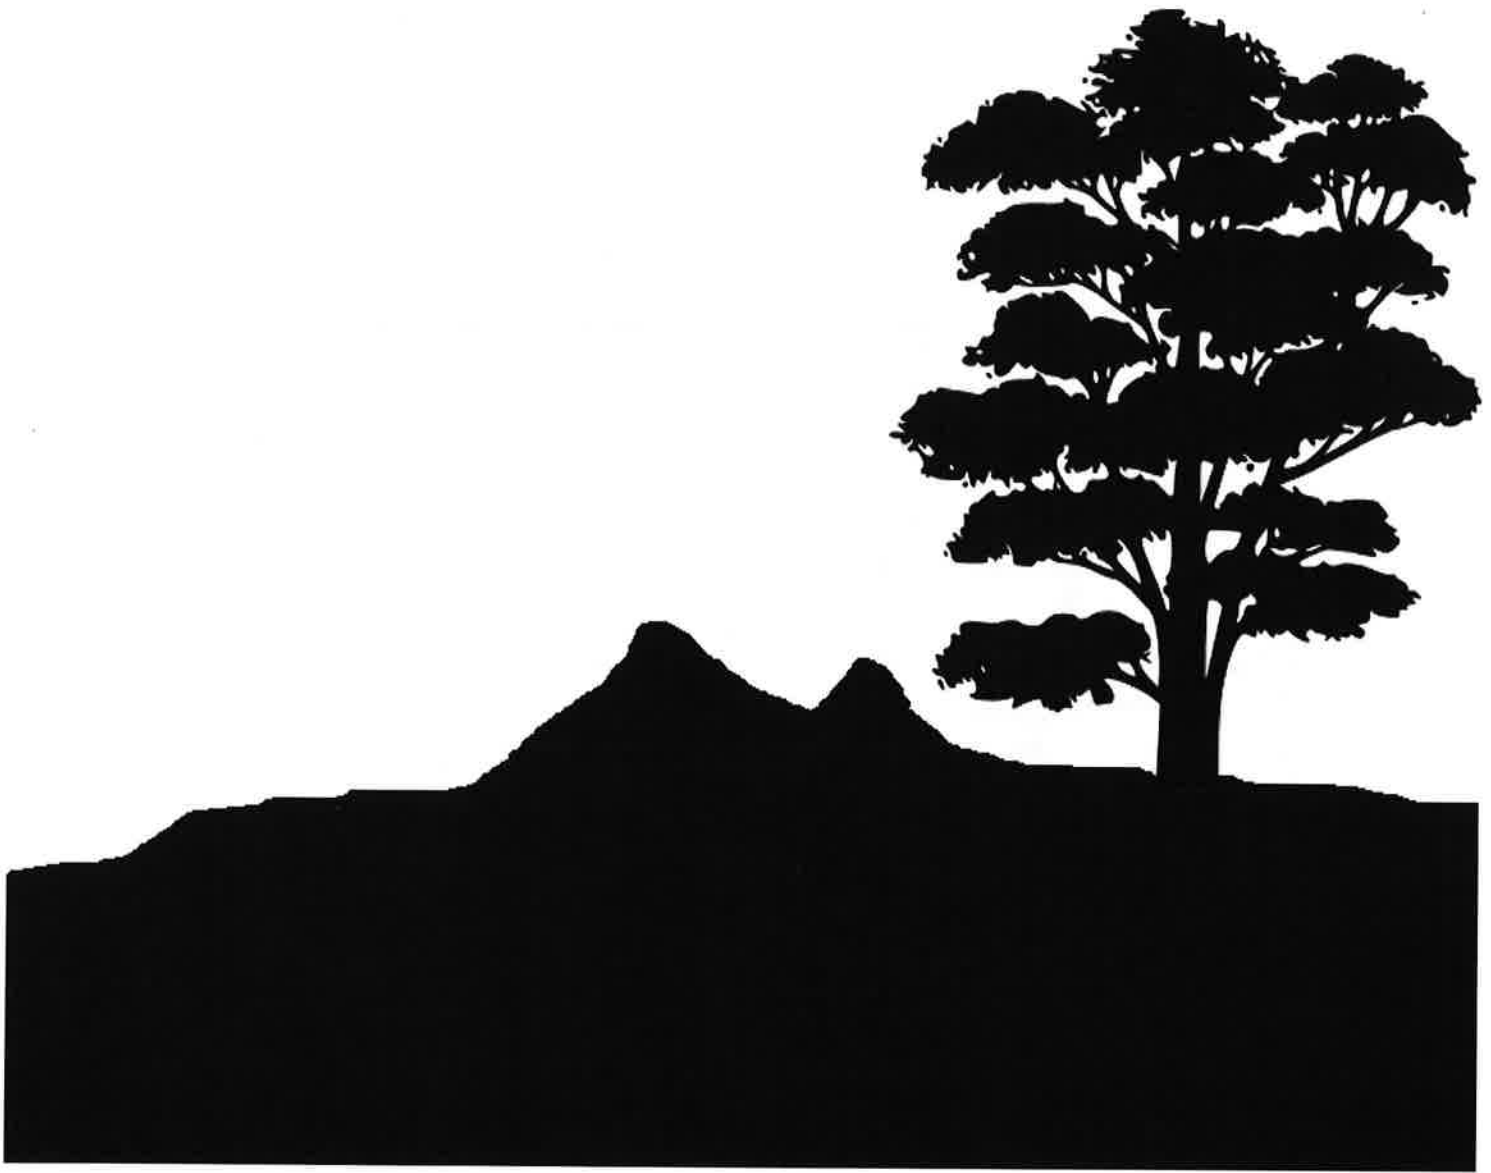

What happened just after this sound was heard? Draw
it!

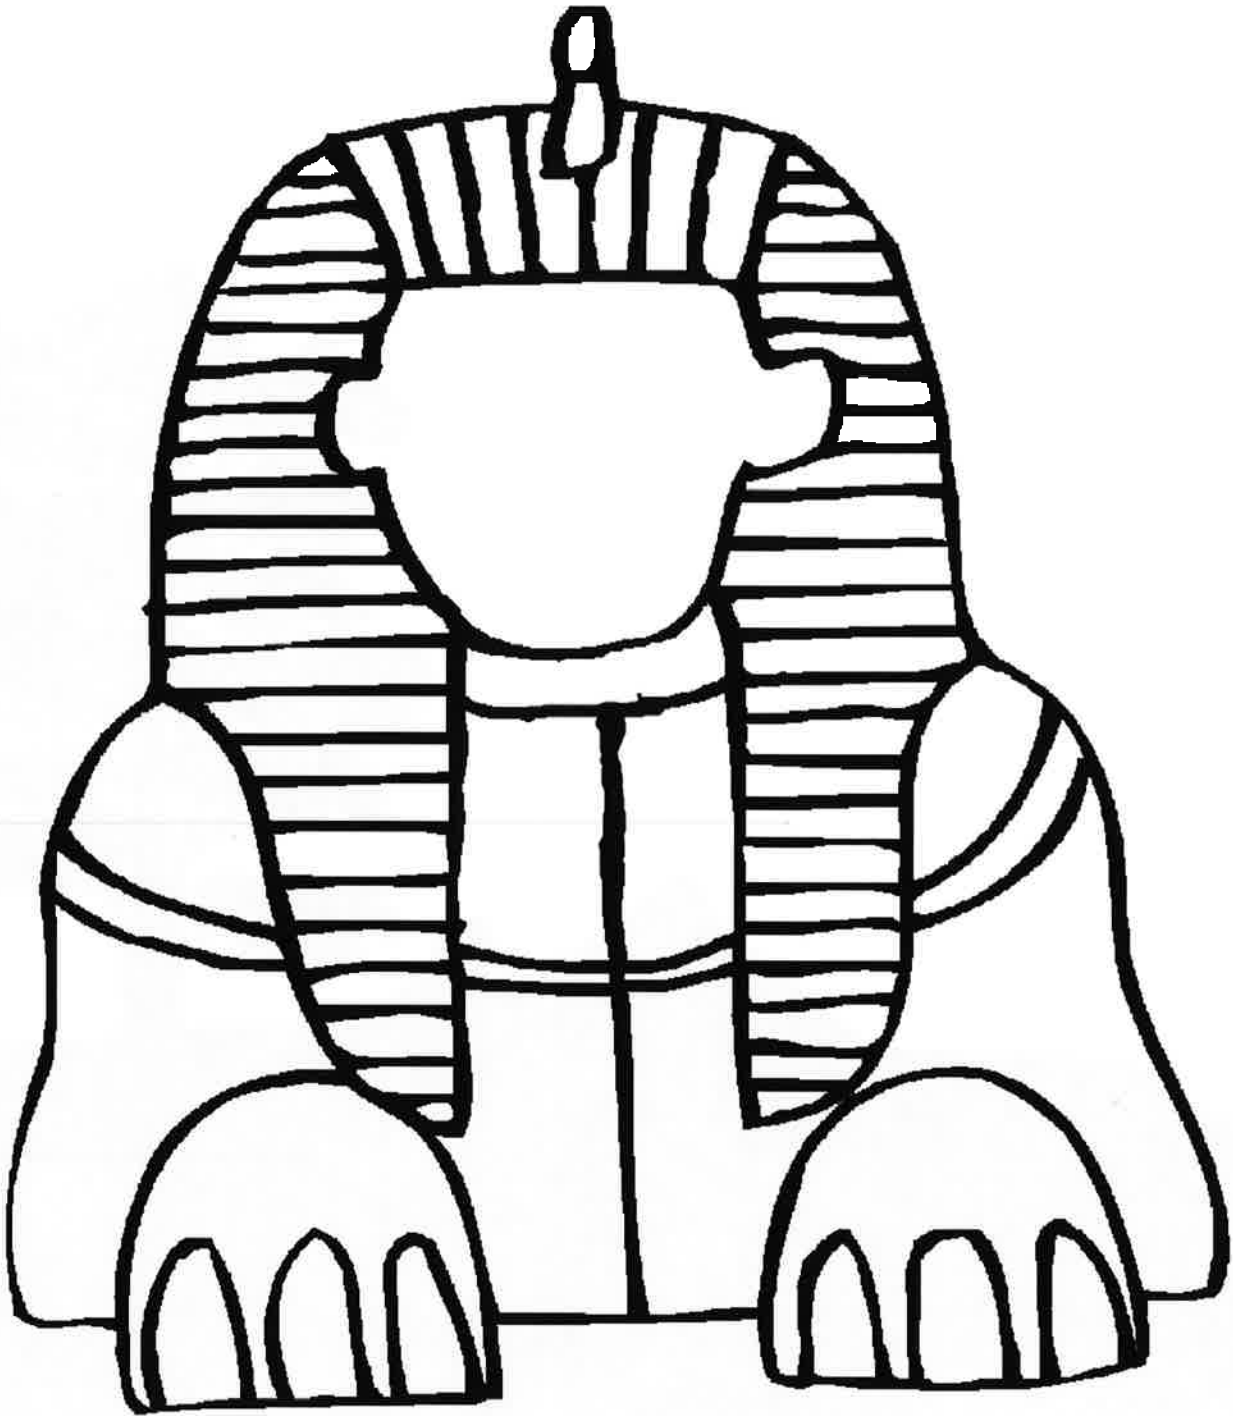

Design a new coin that could be used by the U.S. Treasury. It can be used for any amount.

Complete the rest of the creature's head and body.

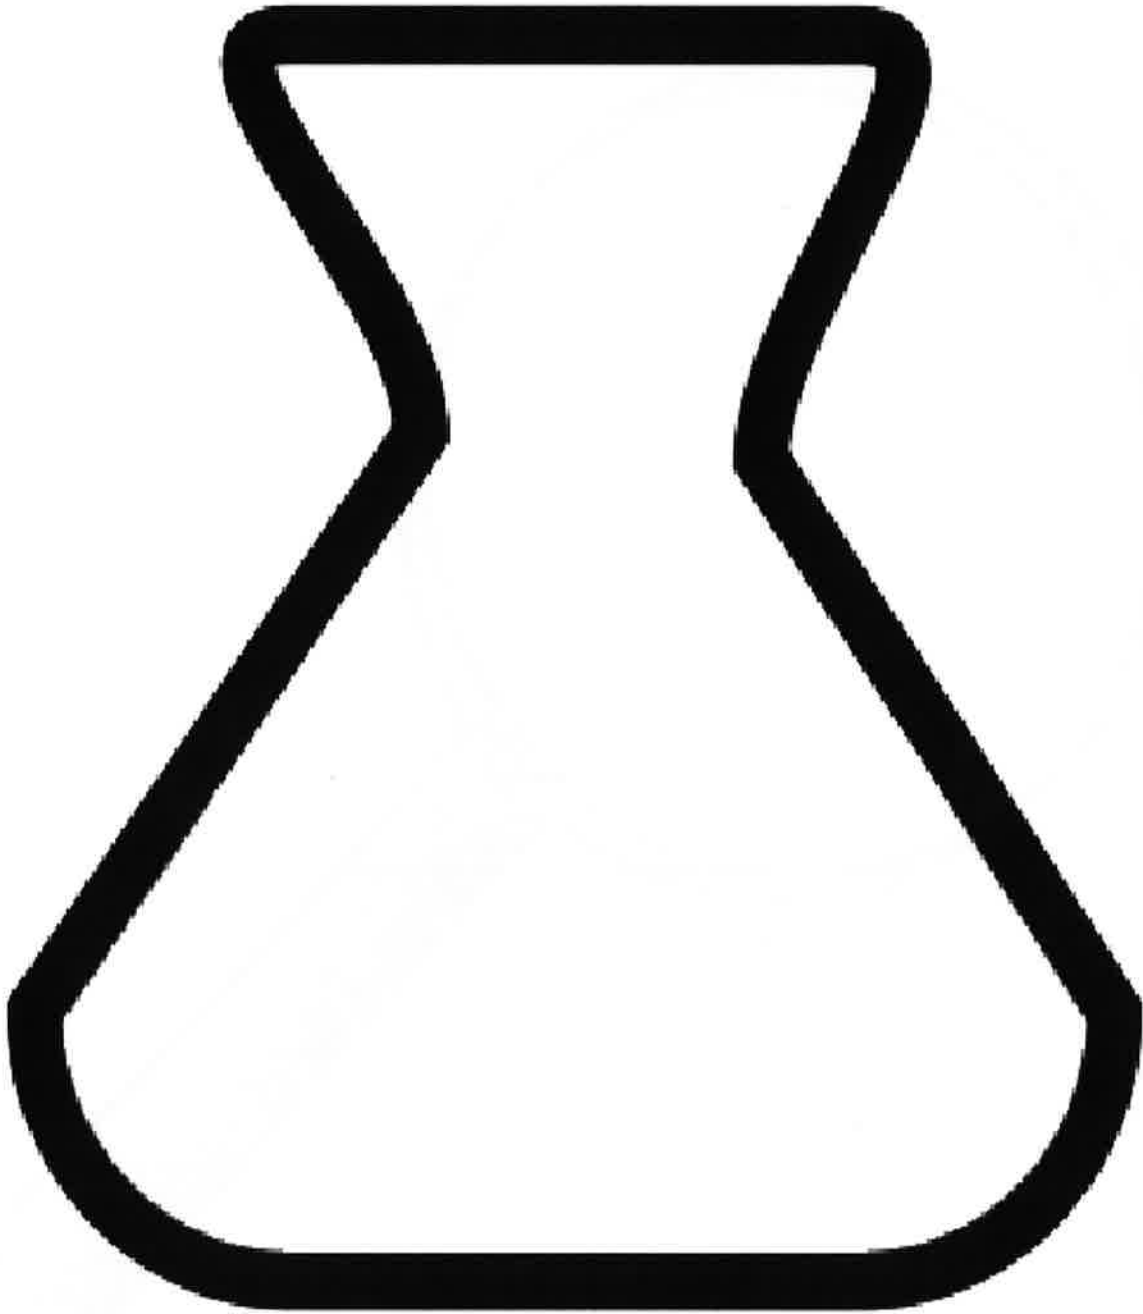

Finish the drawing using only silhouettes. A silhouette is a dark shadow or outline of something.

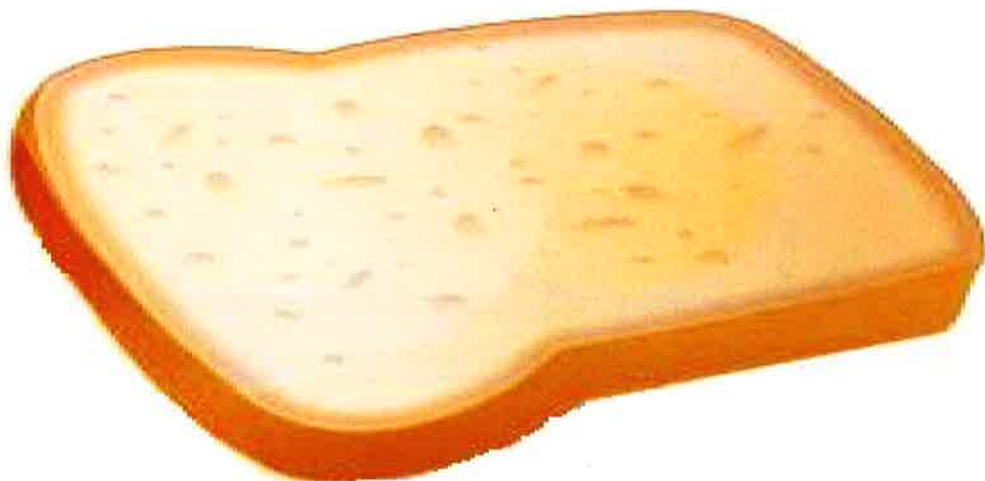

Add your own face and details to the face and body of this Egyptian Sphinx.

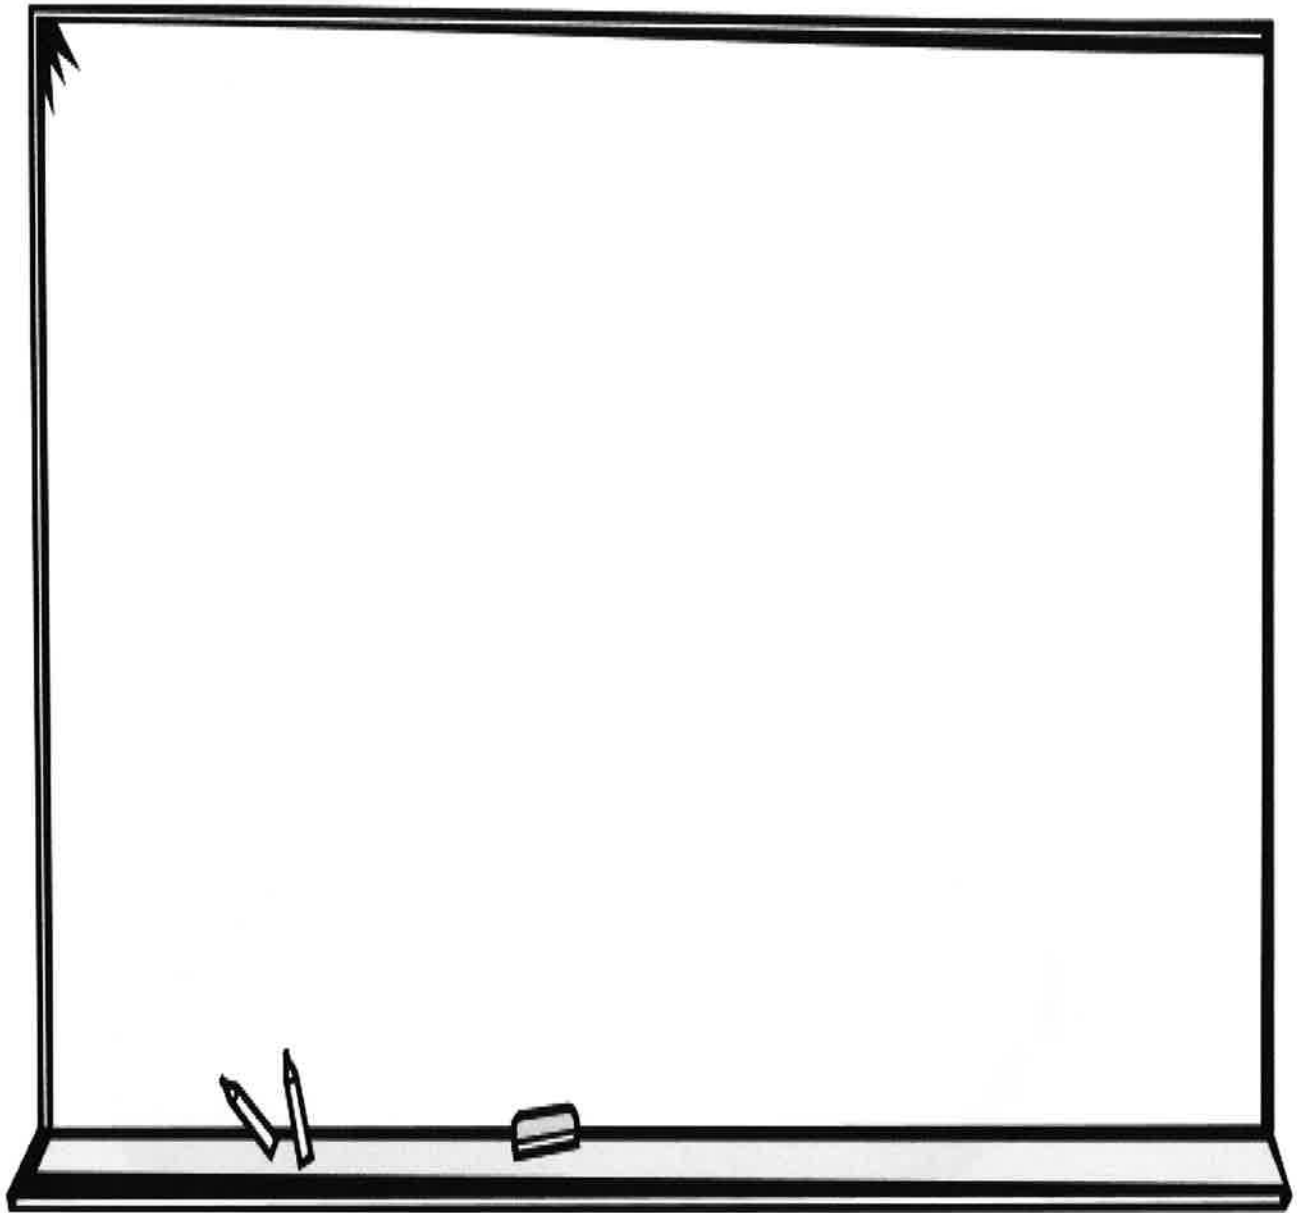

Draw something you couldn't normally see inside the magnifying glass.

Draw something you would not expect to see inside the beaker.

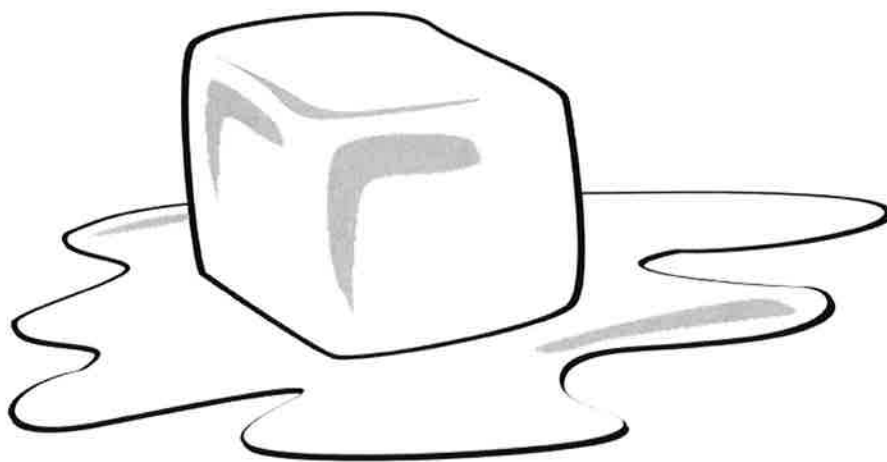

The Dagwood is an enormous sandwich with many layers of different toppings. Draw your version on the Dagwood on top of this slice of bread.

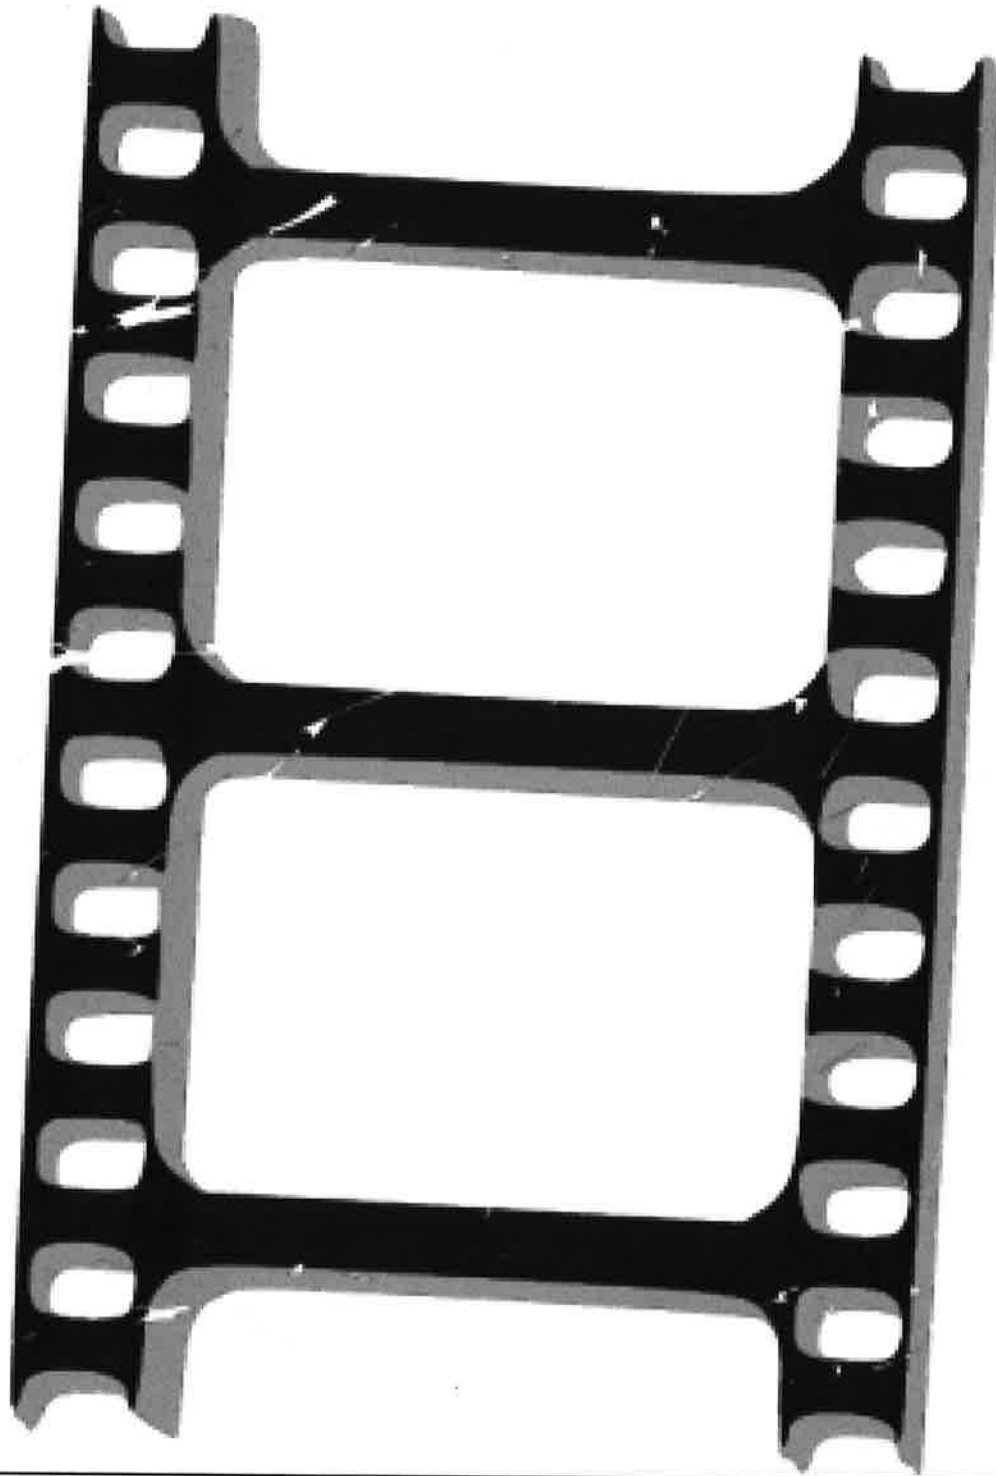

Someone snuck into class and drew all over Mrs. C's board. What did they draw?

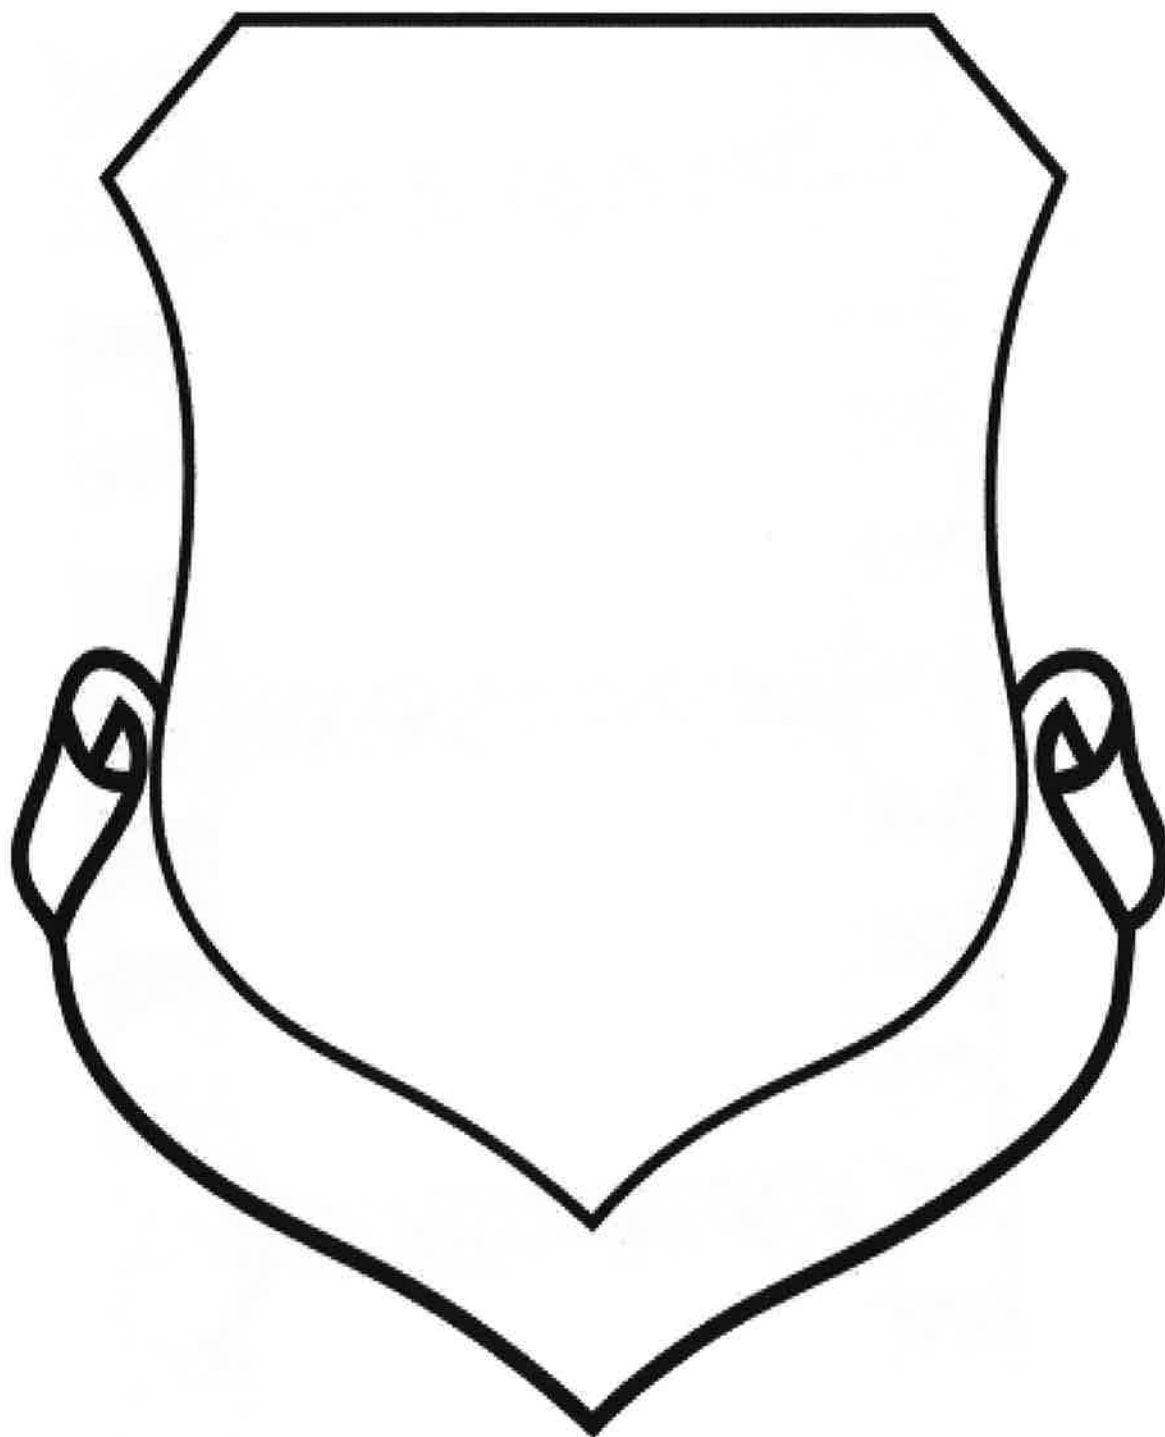

Draw the scene that caused this sound.

Add other "cool" items to this picture and color them using cool colors.

Draw two sequential scenes in the movie reel above.

Create your own family crest using the shield above.
Represent yourself or your family in your crest.

Design a head for this bust sculpture.

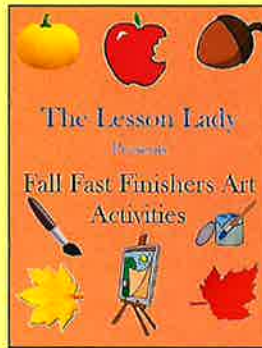

Thank you for purchasing my Fast Finishers Art Pack!
