Dear Families,

Beginning Monday, March 30, 2020, Deep Roots Charter School is committed to making a good faith effort to provide continuity of education, planned instruction, appropriate, and reasonable services for students while our school districts are closed due to COVID-19. During an extended closure of a school (10 or more consecutive days) due to the COVID-19 health emergency Deep Roots Charter School will continue to provide a free and appropriate public education (FAPE) consistent with the need to protect the health and safety of students with disabilities and those individuals providing education, specialized instruction, and related services.

Prior to the extended closure (10 consecutive days) your student was provided with differentiated academic packet work to support their academic needs in the areas of Math and Reading, in addition to packet supports for any related services (OT, Speech and language, ELL, Counseling, PBSP) your student received as outlined in his/her IEP.

During this time, Deep Roots Charter School will provide special education and related services through virtual distance instruction, online, recorded videos, and/or other modes. During this time, Deep Roots Charter School will not be able to provide all services in the same manner they are typically provided. In addition, progress monitoring of IEP goals may not be able to be collected in the same manner they are typically provided. The IEP team will work collaboratively to monitor progress through remote observation and progress monitoring.

The Special Education team values education and we value your child. We understand the challenges school closure has caused and want to do our part in ensuring your child has equal access to learning. We also appreciate the expanded role that has been thrust upon parents and we want to be a support for you as well. Thank you for your continued cooperation as we work to ensure the safety of our students, staff, and communities.

If you have any questions, please feel free to contact me.
